

# West Lake Landfill – Public Comment Period

The U.S. Environmental Protection Agency (EPA) Region 7 has published the Proposed Plan and initiated a public comment period for the West Lake Landfill Superfund Site, located in Bridgeton, Missouri.

The public comment period will run from Feb. 6, 2018, through March 22, 2018.

A Public Meeting to inform residents of the Proposed Plan, and obtain comments on the Proposed Plan and EPA's preferred remedy, will be held:

**Tuesday, March 6, 2018**  
**6 p.m. to 9 p.m.**  
**District 9 Machinists Hall**  
**12365 St. Charles Rock Road**  
**Bridgeton, Missouri**

Written comments will be accepted throughout the comment period, and oral comments may be submitted at the EPA Public Meeting.

EPA encourages residents to register in advance to submit comments at the Public Meeting. Registration will be held on a first-come, first-serve basis. Residents may register by contacting Ben Washburn, community involvement coordinator, at 913-551-7364 or [washburn.ben@epa.gov](mailto:washburn.ben@epa.gov).

Written comments on the Proposed Plan may be submitted as follows:

- **Online:** See comment form below or send email to: [R7\\_WestLakeLandfillPublicComments@epa.gov](mailto:R7_WestLakeLandfillPublicComments@epa.gov)
- **Postal Mail:** Ben Washburn, Office of Public Affairs, U.S. EPA Region 7, 11201 Renner Blvd., Lenexa, KS 66219. Mailed comments must be postmarked by March 22, 2018.

You can review the Proposed Plan, supporting documents, and Administrative Record on the [EPA West Lake Landfill page](#).

Comment (Required)

Trump's EPA does it again! I'm proud of your decision on the West Lake Landfill and your ability to bring a solution to the table instead of kicking the can further down the road. I'm please with the decision, other than there is one part of the plan that concerns me. I'm worried about the materials being relocated and transported offsite. Radiation exposure is dangerous and should be taken seriously. Onsite storage would make the most sense.
